Barbering

Mechanics

The project

Tur Cos Ta Posibel is deeply active in KIA, the prison of Aruba through ESC Volunteering projects both in long and short terms.

BAM (stands for Barber, Art and Mechanics) is going to be a 3 weeks project that aims to engage the young inmates (age 21-30) of the male departments of KIA with both professional and recreational activities.

After the successful previous editions of AMIS and FAIS (check on our website), BAM is going to be a project where Artistic activities like a mural in the sport ground will go alongside with more professionalising activities like Barber and Mechanics, that will help the young inmates in their future professional life outside the prison.

Accommodation and meals

Volunteers will live in a shared house with other international participants. Rooms will be shared with between 2 and 5 people in our community house. Volunteers will receive a bank card with a food allowance so they can buy and prepare their meals (except weekdays lunches - in KIA) and purchase household

necessities. The accommodation is well located, 5 minutes' walk from a local beach and with all the appliances and equipment needed for self-catering. Towels will be provided. TCTP will cover economy flights with hand luggage and a van will be provided for getting to and from KIA.

Skills

For this project, volunteers should have at least some of the following skills. Having more than one of the first three skills is a plus!

- Mechanic skills
- Barber skills
- Artistic skills

Additionally, all volunteers should demonstrate:

- Adaptability
- Empathy
